INTERNSHIP DETAILS

Web Development Intern at INTRAINZ

Duration: Completed on September 2023

Company: INTRAINZ

Description: Contributed to various web development projects, focusing on front-end development. Gained hands-on experience in creating responsive and interactive web pages.

Technologies Used: HTML, CSS, JavaScript

PROJECT DETAILS

1. Art and Gallery

- Description: Developed a comprehensive platform for showcasing and selling artwork. The project involved designing user-friendly interfaces and implementing backend functionalities to manage gallery listings, artist profiles, and customer purchases.
- Technologies Used: HTML, CSS, JavaScript

2. Mellinium Kinder Garden

- Description: Designed and implemented a web application for a kindergarten management system. Key features include student enrollment, class scheduling, and a secure parent portal where parents can view their child's information and progress.
- Technologies Used: Java, JSP, Servlets, MySQL

3. Mini Project: My Portfolio

- Description: Created a personal portfolio website to showcase skills, projects, and professional experiences. The website features an interactive UI and is optimized for performance and accessibility.
- Technologies Used: HTML, CSS, JavaScript
